making boating better

MAST

MARINE and SAFETY TASMANIA
making boating better

My Boat is a Safe Boat has been written to help children learn about the importance of being safe on the water. When children are boating, the responsibility for their safety is with the adult.

Enjoy sharing this book with your child and remember to focus on the 4 Steps of Boat Safety.

Step 1 – Check your boat is safe

Step 2 – Check your safety equipment (lifejackets for everyone)

Step 3 – Check the weather

Step 4 – Have a plan and tell someone

Key words:

my, boat, safe, lifejacket, float, weather

This is my boat.

2

It is a safe boat.

I go in my boat with an adult.

4

I have a lifejacket on.

**It keeps me safe.
It fits me well.**

6

It helps me float.

I love going in my boat.

**We tell someone where we
are going in the boat.**

**We check the weather to see
if it is going to be just right.**

10

It is not too windy.

I have fun in my boat.

12

I am safe in my boat.

We are safe in the boat.
