#### **CLOTHING**

Due to the water temperature in Tasmania, vou should always wear clothing that will keep you warm. This includes a wetsuit, wetsuit jacket, gloves and booties. Impactresistant goggles or glasses are also recommended.

#### JET SKI TASMANIA

Jet Ski Tasmania is the only PWC club in the state.

The aim of the Club is to provide members with a safe environment in which to operate.

The Club's activities include short and long course rides throughout the state as well as time trials, tours and fun events.

## BLIYING OR SELLING A BOAT OR PWC?

#### 1. Transfer/Disposal

Both the buyer and the seller need to lodge the transfer/disposal within 14 days.

#### 2. Declaration

The declaration stating the vessel is not unsafe must be completed by both the buyer and the seller.

#### 3. Sian

The transfer of registration cannot be completed without the signatures on the paperwork or confirmation on the Portal of both the buver and seller.

#### 4. Lodge

Complete electronic form via the MAST Portal OR lodge in person at Service Tasmania.

#### 5. Information

Use the quick links to the MAST Portal or for further information and paper-based forms.

#### **COLD WATER IMMERSION**

- Water temperature in Tasmania rarely gets above 20°C
- The risk of drowning increases nearly five times if the water temperature is below 15°C
- All research points to the fact that by wearing a life jacket, your chances of survival are far greater

Water Temperature Celcius°	Loss of dexterity with no protective clothing	Exhaustion or unconsciousness	Expected time of survival
0.3-4.5	< 3 mins	15-30 mins	30-90 mins
4.5-10.0	< 5 mins	30-60 mins	1-3 hours
10.0-15.5	10-15 mins	1-2 hours	1-6 hours
15.5-21.0	30-40 mins	2-7 hours	2-40 hours
21.0-26.5	1-2 hours	2-12 hours	3 hours - indefinite

See mast.tas.gov.au - Cold Water Immersion.

#### **USING A PWC SAFELY**

To operate a PWC, you must have an endorsement on your current motor boat licence.

#### **Hours of Operation**

Personal water craft can only be operated from Sunrise to Sunset.

#### Freestyling

PWC (and motor boats) are not permitted to operate in a "freestyle" manner when within 200 metres of a swimmer or 200 metres of the shore if a dwelling is within 100 metres of that shoreline.

Freestyle means erratic and non-directional driving, making it difficult for others to predict the course to avoid a collision. It includes wake jumping and tight turns such as doughnuts.

#### **Speeds and Distances**

You cannot exceed a speed of 5 knots when within:

- 60 metres of the shore, a wharf, jetty or another boat
- 120 metres of a swimmer, diver (Code Flag A) or someone wading in the water
- 5 knot areas around the state

#### **Safe Operation Sticker**

#### **SAFE OPERATION OF A PWC** 5 KNOTS within 60m of a wharf, jetty, ramps and moorings 5 knot within 60m of the shoreline and other vessels speed limit within 120m of swimmers, divers/diving flag Wear an approved PFD and carry the required safety equipment Freestyling is not permitted within 200m of swimmers and within 200m of the shore when there is a domestic dwelling within 100m of that shoreline. MAST Attach the cut-out safety line (if provided) IT IS COMPULSORY TO AFFIX THIS STICKER MARINE and SAFETY TASMANIA ADIACENT TO THE PWC CONTROLS

- A safe operation sticker must be affixed to a PWC
- No builder's plate required
- Registration numbers on a PWC must be a minimum of 75mm in height.

# 5 KNOT ZONE, PROHIBITED AREAS AND DESIGNATED SKI AREAS
